SIX-YEAR-OLD SKATER IS NEAR DEATH AT TARR

Special to The Courier.
TARR, Jan. 11.—Joe Stamma, six years old, was saved from death in the Central reservoir Sunday afternoon through the efforts of boys skating on the Brownfield reservoir, a short distance away. Joe and a brother were skating. The ice was thin in spots and gave way under Joe. The brother tried but was unable to rescue Joe and began to cry for help.

Marion Stoner, Frank Mawhinney and George Shilman heard him and hurrying to the scene, Joe was sinking from sight for the third time when Mawhinney grasped the tips of his fingers and held him until his companions dragged him out. They rendered first aid and soon had the boy out of danger.

TIME TO SETTLE THE LIBRARY SUPPORT PROBLEM

An increase in the tax levy, even if no more than two mills, will not be resisted by any taxpayer and to many it will be a real burden, but it is necessary to do so in order to maintain the Carnegie Library, there will be much less objection to the payment of slightly heavier taxes than there would be if the increase were to be applied to some other purpose.

In view of the fact that there has been more or less persistent and long continued refusal to fully meet the obligation laid upon the municipality when the freeholders voted that one mill be set aside each year to form a maintenance fund for the library, the time has come when the City of Connellsville should courageously meet the situation and make good the pledge of the people to adequately support this now very necessary adjunct to the city schools.

The Board of Education, by virtue of its functions, should in reality be the foster parent of the library, but its finances are in such a deplorable condition and without hope of early or substantial change for the better, that the duty it should perform devolves upon the City Council. It is all the same to the taxpayers, however. They will provide the funds no matter whether the City Council or the Board of Education assumes full responsibility, or share equally in support of the library. The important matter, and one to be settled definitely, is that this support be assured.

Last year a considerable sum of money was raised by individual contributions which enabled the library to tide over a period of distress, the Board of Education being unable to appropriate any sum and the City Council unwilling to do more than make a slight increase in its appropriation which, at most, was about only one-half what the library needed.

The private subscription plan was opposed by a number of citizens on the very good ground that it would establish a bad precedent and afford subsequent councils an opportunity to refuse to provide for the library, thus leaving the library to the mercy of the City Council, assuming that the friends of the library would again be willing to meet any deficit that might result.

It is both unreasonable and unfair to expect this to be done and, more, it is exceedingly unlikely to be done. The situation last year developed after the city budget had been prepared and all available funds had been appropriated. Now that the budget is in process of being prepared, the City Council has the opportunity to settle the question of library support in the way it should be settled—that is, by taking upon its shoulders the whole burden, at least until such time when, more certainly by God's providence than by man's planning, the resources and finances of the Board of Education will enable that body to permanently assume the relation of sponsor for the library.

First Practice.
The Unity Fraternity held its first
practice last night. Six men reported
for the workout and the team worked
wonderfully well for a beginning. The
line-up resembled last year's high
school team considerably. There are
still other candidates to report. The
outfit expects to begin playing next
week.

LIGHTWEIGHT CHAMPIONSHIP TITLE CLASH

No boxing bout ever staged in this vicinity has aroused as much interest as the Johnny Ray-Johnny Donnelly 10-round truce which will take place today week at Slavy Hall. Matchmaker Duke Barry, of the Fayette Athletic Club, and whose auspices the premier encounter will take place, announces that it will be for the championship of the lightweight division of Western Pennsylvania. Duke points out that there are no contenders for Ray's title a state master of the lightweights in this section of the state, he having disposed of every one met in the Pittsburgh district, not to mention his battle with Johnnie Dundee, Tony Zili and a host of others.

The tickets for this, the biggest boxing event ever attempted in this part of the state, will be placed on sale at the American Billiard Parlor, Smith House, and Royal Hotel in this city, and Charley McCloskey's Penn Bowling alley, Uniontown, and with Billy Keenan of Scottsdale.

NERVOUS AND HALF-SICK WOMEN

These Letters Recommending Lydia E. Pinkham's Vegetable Compound Will Interest You

For Your Own Good Please Read Them

Youngstown, Ohio.—"Last fall I began to feel mean and my back hurt me and I could hardly do my little bit of housework. I was played out when I would just sweep one room and would have to rest. I would have to put a cushion behind me when I would sit down and at night I could not sleep unless I had something under my back. I had awful cramps every month and was just nearly all in. Finally my husband said to me one day, 'Why don't you try Lydia E. Pinkham's medicine?' and I said, 'I am willing to take anything if I could get well again.' So I took one bottle and a second one and felt better and the neighbors asked me what I was doing and said, 'Surely it must be doing you good all right.' I have just finished my eighth bottle and I cannot express to you how I feel, the way I would like to. If you can use this letter you are welcome to it and if any woman does not believe what I have written to be true, she can write to me and I will describe my condition to her as I have to you." —Mrs. FLEMING HEASLEY, 141 S. Jackson St., Youngstown, Ohio.

"I was very nervous and run-down," writes Mrs. L. E. Wieser of 706 Linden St., New Orleans, La. "I took Lydia E. Pinkham's Private Text-Book upon 'Allments Peculiar to Women' will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts.

would often sit down and cry, and was always blue and had no ambition. I was this way for over a year and had allowed myself to get into quite a serious condition. One day I saw your advertisement in the daily paper and began to take Lydia E. Pinkham's Vegetable Compound at once. I have improved ever since taking the third bottle and find it is the best medicine I have ever taken."

Benefited by First Bottle

"I was completely run down and not able to do my housework. I just dragged myself around and did not have energy to get up when once I sat down. I read advertisements of Lydia E. Pinkham's Vegetable Compound in our paper 'The Indiana Daily Times,' and learned all about it. I received results from the very first bottle. I am now doing all my own work, even washing and ironing, and I never felt better in my life. I tell all my friends it is due to you." —Mrs. ELIZABETH RIMBOLD, 403 N. Pine St., Indianapolis, Indiana.

You should pay heed to the experiences of these women. They know how they felt before taking the Vegetable Compound, and afterwards, too.

Mutual Arrangement Keeps Dunbar Plant in Operation Throughout the Depression

DUNBAR, Jan. 10.—The miners and driver, of the American Manganese Manufacturing Company displayed wisdom in accepting the reduction in wages asked by the company, for by so doing they and all the men about the furnace have continued employment, while a refusal to accept the reduction would have closed not only the mines, but the plant as well. The company has been running at a sacrifice for months, it is claimed, and is still doing so, and the men are only sharing with the company this sacrifice. No better proof of this is needed than the immense stock of pig iron stored on the several yards awaiting a market. The sum total will reach tens of thousands of tons, and yet the furnace runs on and the men are employed. This condition could only be maintained by the company taking the men into its confidence, stating to them the truth and asking them to share in the losses that such time came that going would result.

"This spirit of cooperation has kept fire in the furnace and has developed in a degree seldom seen at public works, a spirit of brotherhood. Practically all other furnaces in the state have been out and most of the works have been closed. But not so the American Manganese Manufacturing Company. The officials called the men together and, in effect, said: 'We can't give you luxuries but we're willing to run on at wages that will provide the necessities for you and your families and will split 50-50 with you. That is the best we can do.' The men accepted the proposition, showing their good common sense, and the wheels of industry continue to move.

For Better Homes and Other Buildings

There are a great many persons who have been thinking of building a home, and have now gotten beyond that stage; who are actively engaged in the building. Some may have not gotten actually started but have their lots bought and plans ready, waiting for spring for after all that's the time to start. Others, who have houses, are thinking of building additions or porches or possibly making alterations of some kind. To any of the above we wish to say that we have the best stock of building material of all kinds that we have ever had—lumber of all kinds, cement, lath, plaster, sand and gravel, lime, both barrel and hydrated, in fact the largest stock we have ever had in our history, and we have been building and selling building materials in Connellsville for about seventeen years. In addition to a big stock of materials we have the best electrically equipped planing mill in the city and can make anything to be made of wood. We invite you to trade with us. We will treat you fairly.
